

## Specifications

AC adapter supply voltage range from AC mains with a nominal frequency of 50 Hz, V	230 ± 23
Rated supply voltage of the system from the DC network, V	5
The maximum value of the strength of the consumed current, A	2
Time to establish the operating mode, min, no more	5
Time of indications establishment, min, no more	30
Overall dimensions of the recorder (excluding sensors and Wi-Fi antennas), mm, no more	88×131×27
Recorder weight (excluding sensors and Wi-Fi antennas), kg, no more	0,7
The degree of protection provided by the shell, according to GOST 14254-2015	IP30
Operating conditions:	
ambient temperature range, °C	from 1 to 40
upper value of relative air humidity, %, at a temperature of 25 °C	80
atmospheric pressure, kPa	from 86 to 106
